Subject: Solenoid Control Module (SCM)

To Our Valued Customers:

Hansen Technologies has updated the Solenoid Control Module product line.

NEW High Pressure Solenoid Module

- Rated for higher pressures (750 psig/52 bar)
- Seal design
 - Aluminum gasket: durable material
 - Usable in a variety of temperatures, pressures, without degradation
- Single piece tube
 - 304 stainless steel construction
 - User friendly for servicing
- Existing coils will work with old/new solenoid module design
- New beacon pilot lights will work with old/new solenoid module design
- Product families affected: HS2, HS4, HS6, HS7, HS8, MVP, PXV, Purgers
- Standard on all models starting Q2 of 2025
- For more information, please contact sales@hantech.com

Phase In/ Phase Out Summary and replacement options

- Effective 4/17/25 valves will start being manufactured with the updated solenoid module. There is a possibility that the current module will be used as we phase in the updated module.
- Effective 4/21/25 solenoid module kits with the updated module components will be available.
- Effective 5/30/25 all valves shipped will have the updated solenoid module.
- The 70-1059 current solenoid/ tube plunger kit will be supported as individual sellable item until the available inventory is phased out.
- The 70-1059 current solenoid/ tube plunger kit or equivalent will be supported for auto-purger maintenance kits for 1 yr. (AP, APM, APP)
- Current Beacon Lights will not work with the updated SCM. A new Beacon Light will need to be purchased. The new Beacon Light will work with the current SCM.
- Current solenoid coils will work with the updated SCM.
- The updated Tube/Plunger Kit does not work with the current solenoid control module. An updated module must be ordered.
- Pricing the updated items that are replacing the current items will remain at the current price

Model Family	Current Solenoid Control Module		Updated Solenoid Control Module	
	Current Kit Tube/ Plunger	Current Kit Solenoid Module	Updated Kit Tube/ Plunger	Updated Kit Solenoid Module
HS2	70-1059	*COMPLETE VALVE*	70-1182	*COMPLETE VALVE*
HS4A, HA4A MVP20-100	70-1059	70-1052	70-1182	70-1178
